Director General's Message

ESIC has been the cornerstone of social security in India, extending comprehensive benefits to eligible workers for several decades. The organization's unwavering commitment is to provide social health protection and other social security benefits to all formal sector workers covered by the ESI Act. However, with the advent of the Social Security Code, ESIC's coverage is poised to expand significantly, placing a greater responsibility on the organization to deliver seamless and efficient services to its beneficiaries.

ESIC recognizes the paramount role of technology in meeting the evolving demands for services and achieving its vision of universal social protection coverage. As such, the organization is deeply committed to employing the latest technologies to provide hassle-free and efficient service delivery that ensures all beneficiaries receive the benefits they are entitled to. By embracing cutting-edge information technology-enabled services, ESIC has taken a significant step forward in modernizing its service delivery to stakeholders.

As ESIC marks 71 years of delivering services to workers, its commitment to providing top-quality healthcare and social security benefits to eligible workers and their families remains unflinching. ESIC acknowledges that it will have to play a more substantial role, in an unprecedented way, with the implementation of the Social Security Code. ESIC remains confident that by prioritizing innovation and continuously striving for excellence, it can deliver dependable and effective social protection benefits to all eligible workers and their families.

ESIC recognizes that the achievement of its goals is a collaborative effort, where the collective efforts of all stakeholders are essential. The organization remains committed to its vision for a better future and is confident that, together with its stakeholders, they can exceed their expectations for sustainable and inclusive growth for workers and the nation.

In conclusion, ESIC's pioneering role in social security in India is unequivocal, and with its deep commitment to harnessing technology to provide efficient service delivery, it remains poised to meet the ever-evolving demands for services. ESIC's efforts, in partnership with its stakeholders, are focused on achieving sustainable and inclusive growth that prioritizes the welfare of workers and the nation.

72nd Foundation Day

ESIC completes 71 Years of Providing Social Security to Workers with launch of Special Services Fortnight for Enhanced Healthcare Services

On February 24th, 2023, Employees' State Insurance Corporation (ESIC) celebrated its 72nd Foundation day. ESIC has been providing social security and healthcare to workers and their families for over seven decades, and this milestone occasion was commemorated in a special way.

The Union Minister for Labour & Employment, Environment, Forest & Climate Change, Shri Bhupender Yadav, launched the ESIC Special Services Fortnight to celebrate this occasion from New Delhi. From February 24th to March 10th, a special services fortnight is being held across all the offices/hospitals of ESIC. The fortnight includes various activities such as seminars, awareness camps, health check-ups, yoga, ayush and nutrition camps, cleanliness drives, grievance redressal, and the clearance of pending bills and claims for insured workers and their dependants.

The theme of this year's ESIC Special Services Fortnight is "Better Healthcare & Social Security." It focuses on the importance of ensuring better healthcare facilities for workers and their families, as well as social security measures that can help them in times of need.

During the event, the Union Minister for Labour & Employment, Shri Bhupender Yadav, spoke about the government's commitment to improve medical infrastructure for ESIC. He mentioned that the government plans to increase the number of hospital beds from 19,000 to 28,000 and increase the number of hospitals from 160 to 241. The Social Security Code 2020 is designed to ensure ease of doing business and ease of living for workers, and it will help achieve sustainable and inclusive growth for workers and the nation. Shri Yadav congratulated the employees of ESIC on this occasion.

The Union Minister of State for Labour & Employment and Petroleum & Natural Gas, Shri Rameswar Teli, also graced the

the country. In the event, the winners of the Architectural Design competition for the ESIC Hospitals at Sanand and Kalol, Gujarat, Mr. Pratik Parashar and Ms. Adiba Khan, were also given awards.

function and applauded the efforts and journey made by ESIC over the decades. The Secretary for Labour & Employment, Ms. Arti Ahuja, emphasized the importance of better outreach, social responsibility and execution of tasks to increase the coverage of ESIC in the future.

Director General of ESIC, Dr. Rajendra Kumar, mentioned that ESIC has taken a giant leap in modernizing itself by incorporating cutting-edge information technology-enabled services. It will help in providing better services to stakeholders. With the implementation of the Social Security Code, ESIC will have to play a bigger role in an unprecedented way.

The event was attended by Shri Satoshi Sasaki, the Deputy Director of the International Labour Organization (ILO). Shri Sasaki mentioned the decades-old partnership between ESIC and ILO for working towards providing social security to the workers of

Seminar on Better Health Care & Social Security to the Workers on 24.02.2023

A seminar/conference kickstarting the Special Services Fortnight, was also organized by Headquarters in New Delhi. Insured Persons, Employers, ESIC employees, etc. also participated in the event. The start of Special Services Fortnight was followed by panel discussion on 'Leveraging Technology for Next Generation Health Care in ESIC' and 'Reaching the Unreached' through ESIC Scheme. The panel discussion witnessed the participation of

notable speakers from industry and workforce field.

The discussions focused on the role of information and communication technologies in leveraging technology for better outcomes in the health sector and increasing the outreach by bringing the workers of the unorganized sector under the ambit of social security schemes.

He described how the government is taking steps to develop and deploy new-age technologies in governance, with the aim of providing hassle-free services to the public at large. Dr. Rajendra Kumar also highlighted India's impressive resilience in the face of the pandemic, attributing it to the country's deep focus on technology and innovation.

India has implemented several digital initiatives, such as JAM trinity (Jan Dhan-Aadhar-Mobile), UPI, GEM and ONDC, which have enabled the government to provide seamless online services to citizens and business entities. Dr. Rajendra Kumar emphasized that digital evolution has touched all aspects of life, with a focus on improving the ease of doing business and the ease of living.

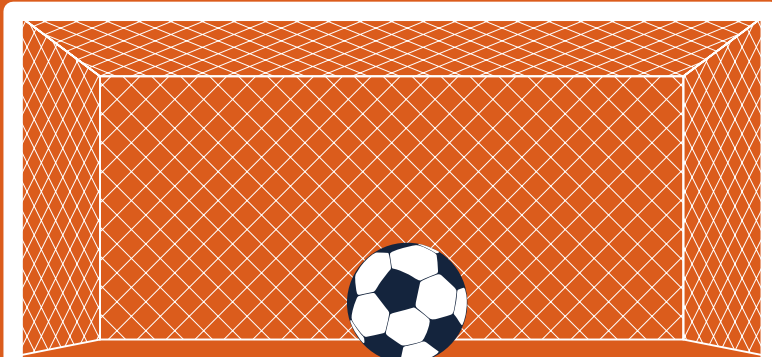

ESIC Football Team Excels in Football Tournament

ESIC made a remarkable mark at the recently held All India Public Sector Football Tournament 2022-2023 in Pune. During the tournament, ESIC players displayed an exceptional performance and won the Man of the Match title in four out of five matches played. This achievement showcases the team's remarkable skills and unwavering dedication to the sport.

ESIC's remarkable performance has further strengthened the organization's commitment to promoting sports and physical fitness among its employees. The team's success is a source of pride and inspiration for ESIC and its members, and it reinforces the organization's commitment to nurturing a culture of excellence in all aspects of its operations.

ESIC Para Table Tennis Player shines at ITTF PARA OPEN in Egypt

Bhavina Patel, a para table tennis player from ESIC, has achieved a remarkable feat by winning three gold medals for India at the ITTF (Fa20) Para Open held in Giza, Egypt. One of the gold medals was in the mixed doubles category, where she played alongside Jashwant Chaudhary, who is also from ESIC.

To elaborate, Bhavina Patel, who had won a silver medal at the 2020 Paralympic Games in Tokyo and a gold medal at the 2022 Birmingham Commonwealth Games, continued her dominance at the 2023 Egypt Para Open. She won the women's singles class

3-5 title after defeating Sonalben Manubhai Patel in an all-Indian final with a score of 13-11, 11-6, 13-11. Additionally, she claimed the women's doubles class 10 title with Sonal Patel and won the mixed doubles class 10 gold medal with Jashwant Chaudhary to conclude the tournament as the most successful player with three gold medals.

Bhavina Patel and Jashwant Chaudhary are officials of ESIC Ahmedabad (Gujarat), which makes their achievement even more commendable.

Joint Public Interface Program (Suidha Samagam with Nidhi Aapke Nikat 2.0) & Holding of Health Check-up camps on 27.02.2023

ESIC, in collaboration with EPFO's Nidhi Apke Nikat, organized Suidha Samagam on 27.02.2023 at various locations. The initiative aims to provide workers and beneficiaries with a grievance redressal mechanism and a hassle-free solution to their concerns at one point under one roof.

By organizing such events, ESIC and EPFO are taking crucial steps to promote accessibility and transparency in their services. The Suidha Samagam initiative aims to create a conducive environment for workers and beneficiaries and help them receive the support they need in early redressal of their grievances.

Suidha Samagam provides an opportunity for workers and beneficiaries to address their concerns related to ESIC and EPFO's services.
